

# MOODY 29 FOR SALE

(Bilge Keel)

**Blue Air** is an ideal cruising boat being able to take the ground with its bilge keel in tidal locations. It could accommodate up to six persons sleeping aboard although a more realistic number is four. The fold-up saloon table is a great advantage for cruising as it makes for a spacious saloon area. The anchor-well at the bow provides an excellent safe spot to watch dolphins or simply to relax on the foredeck. Blue Air with the present owner has cruised the Irish Sea from the Isle of Mull to the Isles of Scilly and to Brittany. It has also featured in two Practical Boat Owner articles (May 2007 and December 2020) as well as in Compass, the Moody Owners' Association magazine (Summer 2020).

€19,500 (£16,990)
